

## Gift boxes

### INSTRUCTIONS

*(please keep these to refer to)*

1. Decorate the cube net with colour and some glitter.
2. Cut it out and carefully fold it along the lines to create a small box.
3. Once you are sure it is correct, glue all the tabs, except tab 'A' and stick the box together. Fill your box with small sweets. Close the lid and tuck in tab A.
4. Use some of the leftover paper to create a label that says: 'To... May you know the love of God come close.'
5. Make a little hole in the label, then use some ribbon to attach it to the box.
